Episode #11 "Hidden Fangs"

Featuring Jack Laugherty

* * * * *

On their way to the mountain hut, Mary Marshall and her friends are attacked by the Buck Rogers gang. They take refuge in the hut. Buck's men, in an effort to batter down the door, push the hut off the edge of the precipice and then go back to report to Topaz Taggart that all have been killed. Taggart is pleased with the news for there is nothing now in the way of his foreclosing on the coveted Marshall ranch. He sends some of the men across the border to return the stolen Marshall herd and despatches Ida Hubert, his henchwoman, to the Marshall ranch to spy around, while Buck's men are sent to the scene of the hut crash to search the dead for the map showing the location of the Yaqui treasure on the Marshall ranch.

The dying Koni gives O'Rourke and Mary, who have escaped death, the map of the treasure, and they scale the precipice, reaching the flat land above. Buck and his men, seeing O'Rourke, whom they believe to be Arizona Pete, a traitor in their ranks, pursue and fight him at the brink of a waterfall. A pair of struggling men are seen to go over the fall, landing on jagged rocks far below.
